Computer Art Specifications

We can accommodate DVD's, CD's, or e-mail files. For a more direct and secure transfer, we now offer you the option of sending your files through our FTP Site, especially designed for files larger than 2mb. Please contact your customer service representative or the art department for instructions to our FTP Site. (You will need a login and password to utilize this site)

The following programs will open a wide variety of file formats. Please call if you have a file not created in the following:

•Macintosh•

Adobe Illustrator CS2, Quark Express 7.0, Adobe Photoshop CS, Adobe Pagemaker 7 and Microsoft Word 6.0.1, Freehand MX

•P/C•

Adobe Illustrator CS2, Adobe Photoshop CS, Corel Draw X3

•AutoCAD•

Autocad files are NOT preferred, we can accept them if they are saved as Postscript (.ai or .eps).

If saved as .dxf, additional labor will be required.

NOTE: Do not fill autocad art

If any additional artwork is needed it will be quoted based on \$100/hour \$30 minimum.

• JOB GUIDELINES •

- ⇒ -Provide a printout of the artwork file.
- ⇒ -Provide the file name and the program used.
- ⇒ -Fonts should be converted to outlines or included on the disk.
- ⇒ -Include all imported or linked graphics.
- ⇒ -Scanned images should be saved as Tiff file (.tif) at least 600 dpi
- ⇒ -When E-mailing, Zip or stuff files when possible.
- ⇒ -Combined Files should be 2mb or less (see ftp sheet for larger files)
